New Towne Theatre in Fox Lake Will Open On Saturday Evening

The new Towne theatre on Grand ave. in Fox Lake will be opened Saturday evening, May 27, marking a big step forward in the growth of the community.

The theatre, operated by the Robert Helson Corporation, will offer as its first attraction "The Daughter of Rosie O'Grady" which opened in the Oriental Theatre in Chicago only two weeks ago. The doors will open at 6:30 p. m. and the first performance starts at 7:00 p. m.

The Towne will be under the management of Jonas Fugett, long time employee of the Helson firm, headed by Robert T. Held of Chicago and Robert C. Nelson, well-known Lake County attorney and school board attorney for the Fox Lake Grade school.

The new theatre is of the most modern design with every facility for patrons' comfort as well as entertainment. More than 600 Kroehler Pushback seats have been installed. This new type of seat makes it unnecessary to stand when someone desires to pass to and from other seats in the aisle. Those who desire hard-of-hearing aids may ask the head usher and they will be provided without charge.

The screen is a Starke custom built cycloramic screen which is the newest type of screen and the first type of screen with any major improvement for vision from the sides of the theatre made in the past 20 years. The projection and sound equipment is high intensity Motiongraph 35 carbon-arc, the best available equipment on the market. The draperies are beautiful saffron finish fireproof material. The carpeting is extra thick and is in a beautiful design of four shades of gray.

One large wall surface of the lobby is adorned with a "black-light" mural of the Lake Region painted by Hans Telchert, the best theatre decorator in the United States. The refreshment accommodations are complete, pop corn, cakes, candy bars, etc. The building, which is one of the very few completely fireproof theatres in Lake or McHenry counties, is finished in Indiana limestone with three all-glass entrance doors.

Ample free parking facilities have been provided for patrons of the theatre, and the operators have promised that every effort will be made to obtain the latest and best film fare.

Work Started Sunday In Clearing Land for Antioch's Public Park

Mayor McMillen Asks for More Volunteer Help Next Sunday

Twenty-three trees were felled Sunday in the clearing of the land given by William Schroeder to the village as a park.

Under the direction of Mayor James W. McMillen and Trustee C. A. Wolfenbarger a group of men and Boy Scouts began the work of removing dead timber and brush, and leveling rough terrain.

While much was accomplished Sunday, it is said that another Sunday or two will be needed to complete the job.

A caterpillar tractor donated by Sobey Bros., topped the trees and Bob Horton's saw ripped them into firewood which the Boy Scouts stacked for use in heating their Scout house next winter.

"We will have to lay the roads, pipe in water and put in sewers for public rest rooms," said Mayor McMillen in discussing further needs of the park.

He asked public spirited citizens to respond next Sunday in continuing the work.

Vern Heath of Channahon lake is preparing to put in horseshoe courts and later picnic tables will be added.

The graduates and their parents were guests of honor last evening at a banquet in the parish house served by the mothers of the seventh graders. Members of the school faculty were honored guests. The school is scheduled to close June 1.

During the last few days men of the church have volunteered their labor in landscaping the school grounds. They expect to have it quite attractive by the time school opens in the fall.

HONORED

GEORGE W. JOEDICKE

The many friends of George W. Joedicke, Rollins Road, Long Lake, who has been district superintendent of the Public Service Company of Northern Illinois at Lake Villa for more than 13 years, are congratulating him today (May 25) as he celebrates his 35th anniversary with the utility.

Joedicke started his career in 1915 in the stores department in Evanston. After serving in the navy during World War I, he returned to the company and became storekeeper in Evanston in 1922.

Between 1924 and 1930 he was identified with the company's credit department and then the electric operating department before he became the Evanston district employment supervisor. Five years later he was named employment supervisor for the company's entire northern area. He transferred to his present position in Lake Villa in 1936.

An extensive traveler during his annual vacations, Joedicke recently returned from a Florida trip. During the summer, gardening and fishing occupy his spare hours.

Joedicke is a member of the Masonic Lodge and the Round Lake area Chamber of Commerce. He is past president of the Antioch Lions Club.

A son, Mitchell, attends the Grant Community High School in Fox Lake.

Pass Up Firemen's Meet

The Antioch fire department will not attend the county convention at Lake Zurich Saturday. The local men thought the distance too great to take the equipment especially with the time so near a holiday.

Plan Parade, Service For Memorial Day in Antioch, Lake Villa

Business Houses to Close Tuesday, Vacationers Pour In

The Veterans of Foreign Wars and American Legion have invited the community to join with them in observing Memorial Day in special exercises Tuesday.

Parade will begin at the grade school in Lake Villa at 10:45 a. m. with the local posts providing the color bearers and the firing squad.

The Antioch service will be in the afternoon starting with a parade forming at the high school at 1:45 and passing down Main street to the Memorial park where a program will be conducted.

Civic organizations and Scout groups are invited by the military organizations and their auxiliaries to join in the parade. This will include the firemen and police and village officials.

Mayor James McMillen has proclaimed May 30 as Memorial Day to honor the dead and disabled war veterans and today called on the community to pay its respects to the men who lost their lives in the service of their country in this public service.

Business Places to Close

Business for the most part will be suspended in Antioch Memorial Day. Only those stores catering to the needs of the large number of vacation visitors will remain open. The warm weather of the last few days has caused a great influx of vacationers, many of whom will come for the week-end and remain over Tuesday.

VOTE!

The failure of millions of Americans to exercise their right to vote is a national disgrace.

In the last Presidential election, for instance, less than half of the eligible voters troubled to go to the polls. In many elections in which the Presidency is not involved, less than a third of the voters cast ballots. What we have, as a result, is government by minority.

Free elections are at the root of all our freedoms. But free elections mean little if the people are too lazy or too indifferent to participate. A man who does not vote has no moral right to criticize the acts and policies of officeholders.

When you vote you are building on the foundation of the best system of government ever devised. And that is as true of primary as of general elections. In the near future, primaries will be held in many states. The candidates of the parties will be chosen and will start their campaigns for election in November. If you want your party to nominate the candidate you believe best fitted, go to the polls.

If you value your freedom—if you have any interest at all in defending and maintaining a free nation—vote. Vote in every election, whether it involves a President or local officials. Every time you fail to vote, you fail to discharge the most basic American duty.

* * *

WHO WANTS SOCIALIZED MEDICINE?

The proponents of government medical service often argue that the scheme is favored by most of the American people, and that the opposition comes principally from selfish interests which put personal profit above the public welfare.

That position, however, is certainly not supported by the results of a survey made by the Psychological

Corporation in 25 cities and towns from coast to coast.

The survey was based on the Wagner-Murray-Dingell bill, which would saddle the country with compulsory government health insurance. The question was, "Which do you favor: (a) to have government give free doctor and medical service which would be paid for by a 3 per cent payroll tax on all wages under \$3600, or (b) the present system of medical service?"

Here were the results: 65 per cent favored the present type of medical services; 26 per cent favored government medicine, and 9 per cent were uncertain.

Another common argument holds that people in the lower income groups are virtually unanimous in favor of government medicine. Again, the Psychological Corporation's survey found to the contrary. In that group, only 37 per cent were for it, while 51 per cent were against it.

Three years ago a similar survey was made by the same organization, and the results were very similar. One of its press releases observes, "It would seem that, in spite of the heavy government propaganda in favor of socialized medicine, there has been little change in the proportion of people who favor government medicine." Apparently the American people aren't ready to have bureaucrats and politicians dominate their medical care!

THE LOW-DOWN FROM HICKORY GROVE

Been on a trip—100 miles—but that was enough to see, and no foolin', that rats of dinero are still around. But, with all this plentiful do-re-mi has not come peace of mind and tranquillity. There is an uneasiness in the air—a feeling of unsettlement and insecurity—maybe things are okay today but how about manana. And you know folks, I am kinda glad to see things taking this slant.

The big money around has not been the hard earned kind. The big money is Govt. money—and Govt. money is non-productive. It is spent, gone, written off—nobody has anything to show for it. If you spend 200 bucks for an ice box you got something to see and use which will be your own, and useful for years. But 200 bucks down at the income tax place, what do you get? Folks are catching on, I halfway think, and that is what is causing the uneasiness, doubt—loss of faith.

So much has been promised and so little accomplished that an awakening is overdue. We have had bad management. In private business—going in the hole year after year—you would see a new manager on the job, and pronto. This trip of mine and what I picked up, it shows that something is brewing—it is a good omen, maybe a harbinger of a return, soon, from our jaunt into sucker-land.

Yours with the low down,

JO SERRA

Area Students Among Scholarship Holders At Normal University

Normal, Ill.—Almost every third student at Illinois State Normal university holds a state scholarship as a prospective teacher.

The 725 students using scholarships this spring make up 32 per cent of the total ISNU enrollment. Because they had outstanding academic records in high school and wished to prepare for teaching, ISNU scholarship holders this year saved \$58,000 in fees.

Every scholarship exempts the holder from \$320 in fees while attending the university.

Seniors now on the point of leaving high school who wish to teach are urged by ISNU officials to inquire about the possibilities of obtaining state scholarships. Now eligible for scholarships are students in the upper third of their high school graduating classes.

Among ISNU students already making use of scholarships are the following from this area:

Antioch, 581 N. Main st., Norma Jarnigo, daughter of Mr. and Mrs. Louis Jarnigo; Grass Lake road, Jean Pagels, daughter of Mr. and Mrs. Alfred Pagels; Gurnee, Edie road, Joan Merkel, daughter of Mr. and Mrs. Anthony Merkel; Ingleside, Long Lake, Laura Pedley, daughter of Mr. and Mrs. Earl Pedley; Lake Villa, Clarice Schultz, daughter of Mr. and Mrs. Clarence Schultz.

MISS DOROTHY SCOTT TO PARTICIPATE IN MUSIC FESTIVAL IN EVANSTON

Miss Dorothy Scott of Antioch, daughter of Mr. and Mrs. L. C. Scott, is to participate in the first music festival to be given by the National College of Education in Evanston Friday evening, May 26 at 8 p. m., also May 25. Mr. Lloyd Cousins, music director of the college and his department are planning a rich and varied program to suit everyone's taste. The four main choral groups performing are to be the College choir; the College student chorus; the Children's school choristers which is made up of voices from the 6th, 7th and 8th grades; and a Man's chorus composed of members of the Wilmette Methodist church choir and members of the college faculty.

ATTENDANCE HIGH AT METHODIST EPISCOPAL CHURCH SCHOOL

Two hundred eighteen were registered in attendance at the church school of the Methodist church in Antioch Sunday. The enrollment has been climbing steadily within recent months. The primary department reports that it has enrolled 26 new children within a six-week period.

Church School Addition—Meanwhile the official board of the Methodist church has given its approval to a plan whereby the building committee of the local church will immediately set up a plan to speed gifts to the building fund for the new church school addition. There is already over \$8,000 in cash in the fund and the board is seeking to augment this before the building can get underway. Approximately \$15,000 has been pledged to the new building which has been tentatively approved at \$32,000 by the official board of the church.

CHURCH SCHOOL TO SEE FILM ON U. S. INDIANS

"The Great Spirit of the Plains," a sound picture on the Indians who live in Oklahoma will be shown at the Methodist church school at 9:45 a. m. Sunday. The picture which tells of the work of the Methodist church among the Indians will be shown to the junior, intermediate and senior departments. The program is in observance of World Service Sunday which occurs on the fourth Sunday of each month, at which time the young people's offering goes to the world-wide mission program of the church.

ATTEND ANNIVERSARY DINNER OF AUXILIARY

Mrs. Katherine Verkest, Mrs. Ellen Flint, Mrs. Sheridan Burnette, Mrs. Mary Mann, and Mrs. Myra Randall, president, members of Sequoit unit, Veterans of Foreign Wars auxiliary, attended a dinner last Sunday given by the Smith-Spaul unit 1293, Waukegan, celebrating their twentieth anniversary. Mrs. Walter K. Morley, Chicago, was the guest speaker. She spoke on "Community Welfare Work." She has been doing welfare work for 25 years.

More than forty students of the nine University of Wisconsin Extension centers participated in the second annual inter-center forensic tournament held at Wausau last Friday and Saturday, May 19 and 20. Dwight E. (Bud) Wildhagen, grandson of Mrs. Fred Maasch of Channel Lake and a student at the Menasha center, placed second and won the state medal for his original oratory on "Why Intolerance?" Represented were the centers of Fond du Lac, Green Bay, Kenosha, Manitowish, Marinette, Menasha, Racine, Sheboygan and Wausau.

American Legion Plans Poppy Sale for Friday Night and on Saturday

Cost of America's world war victories in the lives of young Americans is vividly depicted in a display now to be seen in the merchant windows.

On Poppy Day, Saturday, everyone in Antioch will have an opportunity to show that they remember and honor those who sacrificed their lives that we might live in freedom, said Mrs. Floyd Horton, president of Antioch unit of the American Legion auxiliary. Volunteers will be on the streets all day Saturday offering poppies to be worn in honor of the war dead and receiving contributions for the welfare of the war's living victims, the disabled veterans and needy children of veterans.

Mrs. John Horan, Jr., Antioch poppy chairman, and Mrs. Helen Wright, Libertyville, 10th District Poppy chairman will hold a discussion about Poppy Day over the Waukegan radio station WKRS at 11 o'clock Thursday morning. The poppies will first go on sale Friday evening.

June Kutil Addresses Home Bureau on Exhibit Display at Scout House

Miss June Kutil spoke before the Lake Region Home Bureau unit Wednesday night, May 17 at the Scout Home in Antioch on effective methods of displaying exhibits with emphasis on gaining and holding the attention of passersby. The Home Bureau sponsors 4-H, County Fair and other exhibits.

A picnic will be held in June, the exact date to be set later. Also, plans are being made for a tour through Porter's in Racine. A report was given on the unit's donation of ten card tables to the Antioch Scout Home.

The recent card party at the Scout home was well attended, and donations from merchants and others are gratefully acknowledged. This month's dinner party at Our Country Club was the usual success. T. R. Birkhead, principal, and Fred Scott, chairman of the Antioch Township High school, talked on the need for a new addition to the school to accommodate a projected future attendance of 500 students.

American Bride Less 'Costly' Than Primitive

WASHINGTON, D. C.—America's lovely women may set up a howl at this, but it's a fact that American brides come cheap—original cost, that is—compared to their less-civilized sisters of the grass skirt sets in primitive lands. And no less a source than the National Geographic Society is the authority for that statement.

The society points out that the American lover who has \$2 or so in his jeans can purchase a marriage license and hustle his gal to the altar. There, after the usual pledges, he can slip the parson whatever he can spare and be away on his honeymoon.

But it isn't that simple among primitive tribes.

Take New Guinea. There the native swains find a price tag of \$800 on their lady loves. True, they can go into the woods and pluck a few wild flowers and maybe spear a wild boar for the wedding feast, but there still remains the original cash outlay.

May Cost \$250
In Nigeria, the high cost of brides is causing a fine old to-do. Among the Ibo-speaking people of that country, a shapely, pretty gal may win for her pappy as much as \$250, while the parents of a homely girl with skinny pipes and buck teeth would have to be satisfied with three mangy goats.

Around the world where bride-buying is an accepted custom, a girl must hide her head in shame unless she earns something for papa.

Among the Kafirs, members of the Bantu race of South Africa, a girl who is not bought with cattle is dubbed an "old cat" by her campfire sisters. An "old cat" down there adds up to one word—"worthless."

With the Kuki-Lushai people of Assam, India, a young man is expected to give a few gourds of fire-water to his sweetheart's parents when he calls to ask her to be his own.

Groom Goes to Work

If the folks accept him, he moves in on the girl's father and goes right to work. He becomes a servant in the household for three years. Then, if he has behaved, he is free to wed. But another two years of servitude is required before he can go into the woods and cut down the material for his own thatch hut.

In Alaska, the situation is different. A hopeful suitor of the Kenai doesn't bother to ask for parental consent. He slips silently into the old man's igloo and begins to cook, clean and take care of steaming up water for the baths. If he does a good job, he is allowed to work on for a year, then he can marry the girl and start igloo inhabiting on his own.

All of which makes America a wonderful country. We fellows expect, by tradition, to have the papa-in-law foot all of the bills for the wedding, give us a set of sterling and maybe a new house for a wedding present.

Alienation of Affections Wrong, Even in Dog Case

NEWPORT NEWS, VA.—Alienation of affections, even when it's only puppy love, won't be tolerated here, the court said.

That was the ruling of Police Judge John Massey when he found himself confronted with a new version of the old "eternal triangle."

The defendant, Lee Miller, was charged with cursing and abusing. His accuser was Thessalonia Smith. Miller denied any back room language. Instead, he charged that Smith had petted and fed his dog so much that he just didn't like it and told Smith so.

The judge observed: "It looks like the main charge should be alienation of affections of a dog, and I've never heard of it before."

Then he ordered: Miller to pay a \$10 fine for incorrect language.

Smith to ignore Miller's pup's advances and, above all, to stop feeding it.

Heroism Held Inherent In Entire Human Race

PITTSBURGH.—According to a declaration by a hero-recognizing agency, which preferred to remain anonymous, heroism is an "inherent trait in the human race."

It was contended that "heroism is prompted by what happens on the spur of the moment and what the man has in him."

But the basic characteristic of human nature itself is to try to help. Therefore a great percentage of people would respond to the situation and try to be helpful. It's an inherent quality of a human being.

"Station in life doesn't have much bearing on heroes. They come from all walks of life, the poor, rich, and middle class. We have no heroes under the age of 8—a child doesn't distinguish between danger and non-danger. After that heroes can be any age. Heroism frequently is almost a reflex action."

INDUCT OTHERS IN SERVICE OF HONOR SOCIETY

Betty Jean McDougall (left) valedictorian and Clarence Greenlee (right) salutatorian with June Petersen, a third senior and charter member, are assisted by Principal T. R. Birkhead in inducting new members into the National Honor society at the Antioch Township High School Monday. The society was instituted last year. Seniors inducted were Barbara Barthel, Marilyn Jean Bushing, Harold E. Cardiff, Jr., John Holm, Joanne Midgley, Marion Miller and Elizabeth Joan Terry. Photo courtesy Waukegan News-Sun

Mrs. Emma Ottman, of Chicago, 88 years of age was the oldest person attending and the eight month old daughter of Mr. and Mrs. Walter Schapper of Des Plaines was the youngest. A dinner was served at 6 o'clock with Mrs. A. H. Kaufmann of Antioch, a member of the Kaake family in charge.

CHOIR CONCERT PROVES SUCCESS

Many fine comments were heard about the sacred concert of the Methodist church choir in Antioch on Sunday evening. The church was well filled for the affair which included anthems and solo numbers. Following the concert the official board entertained the members of the choir who has presented the program at a tea in the basement of the choir who presented the program in charge of the arrangements for the tea.

Caroline Ann Wildhagen, granddaughter of Mrs. Fred Paasch of Channel Lake, was a member of a group of 16 senior confirmation students to take their oral catechetical examination at the church hall of St. Timothy's Lutheran church on Monday evening, May 22, followed by a reception and coffee hour sponsored by the Junior confirmation class, assisted by their mothers. The order of confirmation will be held on Sunday, May 28.

Legion Post Presents School Award Medal To Harold Cardiff, Jr.

Harold Cardiff, Jr., son of Mr. and Mrs. Harold Cardiff, Antioch, was presented with the American Legion School Award Medal at the Honors Assembly held at Antioch High School last Monday. The award was based on Harold's excellent record of scholarship, leadership, and athletic ability, and was presented by the Rev. Robert E. Ehrigott, adjutant of Post 748, Antioch, and chairman of the Post School Award committee. With the medal went a certificate suitable for framing, and twenty dollars to go toward Harold's registration at the University of Illinois, where he plans to study pharmacy.

At Commencement exercises for the grade schools of the township, the American Legion will make additional awards to boys and girls who are graduating. A girls' award was not given at the high school because of a D. A. R. prize already awarded. Selections are by the principals of the schools.

Winners of the School medals are eligible to enter an essay contest sponsored by the national organization of the Legion, with scholarship prizes offered up to \$600.

Conservation Dept. Changes System of Issuing Permits

The "first come, first served" plan used last year by the State Department of Conservation in issuing permits for hunting pheasant and waterfowl on public shooting grounds is to be replaced this fall by a system of drawing.

Last year more than 80,000 hunters tried to get permits, but because of limited space and the necessary safety precautions only 20,000 could be accommodated. It is believed the new system will be fairer for a larger number of hunters.

Requests for permits will be accepted beginning September 1, and the drawing will occur after October 10, the deadline for requests.

Pheasant shooting grounds are Chain-O-Lakes, Des Plaines, Green River and Iroquois county. Waterfowl shooting areas are Anderson Lake, Bachtown, Rice Lake, Sanganois, Sparland, and Woodford county.

Devotion to Duty Keeps Cart-Pusher On 15-Hour Shift

NEW YORK, N. Y.—This is the story of George Kucelinkas, his heavy handcart, and devotion to duty.

George, who is 50, started walking, and pushing his handcart before him. That was at E. 10th street, Manhattan. Fifteen hours later a detective found him, pushing ever onward, at 220th st. and White Plains rd., the Bronx.

On a straight route the distance would be nearly 13 miles. George, for reasons beyond his control, had sort of zigzagged. Police estimated that the cart and its burden weighed 630 pounds. And George had done it all without food.

He didn't exactly carry out his assignment, which was to get a load of artists' materials over to 328 E. 23rd st. But even his temporary employer gave him credit for a hard try. He also paid George \$23, which, with \$5 chipped in by impressed photographers and reporters, made George richer than he'd been for a long time. And the employer said he regretted that the way he wrote "23rd st." looked like "234th st."

George, who is 5 feet 7 inches tall, came here 35 years ago from Lithuania. He never did find much success. The best job he ever had paid \$45 a week, and that was during the war. Still, he kept going.

George, who is jobless, was offered a chance to earn a little money making a delivery. Having had nothing to eat for two days, George said yes. George's new employer gave him a slip of paper, showed him the handcart, and George started off.

Detectives said George showed dismay only once. When at 220th st., he learned that he had missed his goal by miles, he exclaimed:

"Do I have to walk downtown again?"

The answer was no. He was taken home, with his burden, in the police car.

Little Cult Prepares Against H-Bomb Day

ROCKPORT, MASS.—In a little cottage a group of five women and four men meet often. They have a common purpose. It is an avowed determination to save a spark of humanity from extinction by hydrogen bomb blasts.

Here, looking eastward from Rocky Cape Ann, the little cult meets under the leadership of a man known among some of the countryside as "The Zoom." He has been quoted as saying he is from Newark, N.J., where he reportedly was known as Jack Goldie.

A newsman who went to see him quoted him as saying the world would be seared with obliterating blasts a few years hence and that the cult would retire to the sanctuary of a cave on that fateful day.

"Here we design the new civilization," Goldie—or the Zoom—is quoted as saying. "From these men and women will spring the new, brave breed of men. All but we shall perish. We want no weapons, no slaughter. We shall be vegetarians."

The words are strikingly reminiscent of those of another cult leader who, under the name Krishna Venta, has been promoting a similar plan for atomic bomb survival in the far west.

Ghost of 'Man in Gray' Haunts Famed Theater

LONDON, ENGLAND.—Very few people will admit they believe in ghosts, yet few can resist a ghost story. The loudest scoffers are often the most ardent listeners.

There is the ghost of theater royal, Drury Lane. He walks only by day. He has been seen only between the hours of 9 a.m. and 6 p.m.

He makes no noise, he utters no shrieks, ghastly groans or blood curdling yells. He troubles nobody, he takes no notice of anyone. He just walks his round like the gentleman he appears to be.

He is a purely "local" ghost. He is seen in only one part of the house and always moves in the same direction in his walk—counterclockwise.

He comes quietly out of the wall of a room on the upper circle level (now used as a bar), walks across it, through a glass door, turns left into the upper circle, ascends the stairs, walks right round the back, down the stairs on the other side, through another door and through the wall again in the room—also a bar—which is on the opposite side of the theater to that from which he appears. That is all there is to it.

So far as can be ascertained he has no regular days nor regular hours, beyond his limitation of 9 a.m. to 6 p.m.

Sometimes he is seen frequently. Sometimes months elapse. There is no sort of warning. He just walks.

Nor does he dislike company. He has been seen by members of the audience when a matinee has been in progress.

He has been seen by cleaners busy with their jobs of scrubbing and sweeping, he has been seen by all sorts of people.

QUEEN AND HER ATTENDANTS

Janice Runyard, center, was queen of the Junior prom at Antioch Township High school Saturday night. Her attendants were (left) Marilyn Wallace and (right) Pat Hogan. The three were chosen by members of the Junior class, their classmates. The seniors were guests of the juniors at the dinner dance for which Art Smejkal's orchestra played.

MEMORIAL FOR ALL-AMERICAN BULL

Fabian Monfils, sculptor, is shown completing a special marker which was placed over the grave of King Bessie Senator, six times all-American Holstein bull, at Ravencroft farm at Hickory Corners. The \$50,000 animal owned by E. H. Ravencroft, Glencoe, died last December. It was considered the most perfect specimen of the breed ever known. The marker was sold by L. J. Slocum, Russell, Ill., dealer for Kenosha Monument Co. of which Monfils is head, and was carved by Jerry Whitehead.

Salt for Cattle

Lack of salt in livestock rations costs farmers large sums of money each year in loss of potential gains in weight.

Population Statistics

Population per square mile of arable land is 68 in Russia, 102 in the United States, 500 in Italy, 587 in Germany and 2,430 in Japan.

Hog Bristles Valuable

Brushes made of pure hog bristles are almost worth their weight in gold these days. Due to the continuing chaos in China, they are exceedingly hard to obtain.

Emergency Measure

A ripped hem will stay put indefinitely with an application of cellophane tape. It's also effective over holes in pants pockets until a real mending job can be done.

Salads

Apples, bananas, and other fruits which are cut up for salads may be dipped in canned or fresh citrus or pineapple juice to keep the fruit from turning dark.

Plastic Pattern

A new plastic pattern which reportedly will enable the sewer to cut a dress, sew it up and know that it will fit perfectly without alteration is now available to home sewers.

Sandwich Filling

For a tasty sandwich filling, grind any cooked meat, combine it with finely-chopped raisins or dried apricots, and mix with salad dressing.

Glassware

Modern American glassware is so free of impurities, that even the ten-cent store variety is clearer than the handmade glass of bygone days.

Home Pasteurization

Milk can be pasteurized at home and a cooked taste avoided if the milk is heated in a clean container to just 165 degrees, and then left to cool.

The State Farm Insurance Companies have appointed John Schuerr, better known to his many friends as "Jack," to a fulltime agent for the Auto-Life and Fire Companies.

An ad on value

The other night at our place, some folks were making small talk about "valuable" things.

"I guess my fur coat is my most valuable thing," one lady offered.

"My great-great-grandmother's chest of silver," another said.

One of the men allowed that his most cherished possession was a camera given him by an old Army buddy.

My wife thought a bit, then said:

"I have something that serves me 24 hours a day with no vacations, no time off, no complaints. It runs my errands, helps with my shopping, does a thousand and one things quickly and quietly—and costs only a few nickels a day."

Everybody looked at me.

"No," my wife smiled. "I don't mean my husband. I mean my telephone. Nothing I have gives me so much value for so little cost."

We all agreed she had an excellent point.

World's Biggest Bell

The Soviet Union which likes to "do things in a big way" will probably never call attention to the fact that it owns the biggest bell in the world. This bell, the "Tsar Kolokol," located in Moscow, was a flop because an 11-ton piece broke off before it was ever rung.

U. S. Population

The census bureau reports that the population in the U. S. rose to a record high of 147,946,000 on Jan. 1, 1949 from 145,434,000 a year ago.

Too Big for Them

Every year hundreds of motorists crash into the sides of trains, according to the National Safety Council. In no instance has the railroad been put out of business.

Need of Good Roads

Good roads are a primary necessity to connect military installations with main arteries of travel whether they be highways, railroads, ports or airfields.

Soil for Flats

Soil from woods or uncultivated areas is good for use in flats for growing young plants, as usually such soil is fairly free from plant diseases such as damping-off.

Source of Trouble

Nails and pieces of wire strewn around pastures or carelessly allowed to fall into feed racks are a frequent cause of severe internal injury to cattle.

Sale of Holstein Herd At Ravenglen Farm is Biggest in Local Annals

In the greatest sale of Holstein cattle ever held in Lake county, E. H. Ravenscroft, owner of Ravenglen farm is disposing of his registered herd of international fame at his Ravenglen farm a mile south of Rte. 173 on Rte. 45 today.

Three hundred and twenty-five of the best dairy cattle in the nation will be sold today and tomorrow.

Prospective buyers from Vermont to California and from Canada to Central America are in attendance. A tent seating 1,000 persons holds the crowd. Other tents hold the animals brought in from the nearby Ravenglen farms.

By Friday night the famous herd of which the late King Bessie Senator was the sire, will be a thing of the past and his offspring will be scattered over the western hemisphere. A marker was placed on the grave of the bull last week.

New Substitute for Sugar Announced by Abbott Laboratories

The co-editor of the Antioch News had the privilege Tuesday of eating the first dinner ever prepared with the new substitute for sugar and saccharine, Sucaryl, a product of Abbott Laboratories.

Chicago and Lake county newspaper men would have been unable to tell that the meal had been prepared without the use of sugar had they not been told so.

Sucaryl in pill form is now being sold with diabetics and those who wish to reduce being the greatest prospective customers.

The drug is an improvement over saccharine in that it doesn't have the bitter taste that follows saccharine and that it can be used in cooking whereas the effect of saccharine is destroyed by heat.

Diabetics for the first time will be able to eat canned fruits through the use of Sucaryl. The fruit, berries and peaches served Tuesday were delicious.

Channel Lake Scouts Honored Wednesday

Second class badges were awarded to Jimmy Young, Jim Campbell, Bill Young, Ronnie Walters, Bob Walters, Bob Terry and Albert Reickers.

Star awards were won by Norbert Jordan, Bill Terry, Leonard Case and Asst. Scoutmaster Ken Woolner.

Ray. Atwood, scoutmaster was awarded two merit badges and the Eagle Scout gold palm.

Present at the meeting were Walter Simons of Libertyville, and Don Santy of Highland Park.

THE WHOLE STORY ABOUT HALF HAMS

A&P's "Super Right" Half Hams Have No Center Slices Removed...You Get Full Value!

HERE'S HOW A&P SELLS HAMS WEIGHING LESS THAN 16 LBS.

We say a HALF HAM means a ham CUT IN TWO, with no center slices taken out. That's just what you get at A&P. And that's something to remember when you compare half-ham prices.

AND HERE'S HOW A&P SELLS HAMS WEIGHING 16 TO 20 POUNDS

We cut 16 to 20 pound hams so that average families can take advantage of the extra value offered. (See picture below.) A&P does not handle hams weighing over 20 pounds, because the meat is apt to be coarse and tough.
